

Sporty special edition with premium equipment – the Hymer Free S Blue Evolution on Mercedes-Benz chassis

- **The Free S Blue Evolution is Hymer’s special edition camper van and is based on the Mercedes-Benz Sprinter for the first time.**
- **This sporty camper van impresses with its colourful exterior design in a vibrant shade of blue, outstanding driving comfort and numerous sophisticated details.**

Bad Waldsee, 18 July 2022 – With the Hymer Free S Blue Evolution, the traditional company based in Bad Waldsee has once again managed to combine its premium standards with the adventurous character of a camper van. Hymer has unveiled the Free S, its popular Blue Evolution special edition that is now based on the front-wheel-drive Mercedes-Benz Sprinter for the first time. Sporty, modern design accents – including special decals at the rear and on the side walls – create a truly eye-catching exterior in combination with the characteristic “Capri Blue” paintwork. A host of additional features – such as the 9-speed automatic transmission, electric parking brake and reversing camera – work in conjunction with numerous driving assistance systems to create a superlatively comfortable driving experience that complements the vehicle’s sporty appearance. The Mercedes-Benz MBUX 10" multimedia system provides exclusive sound and leaves nothing to be desired in terms of on-board infotainment, navigation and communication. Thanks to the vehicle’s compact length and exclusive features, such as the integrated pop-top roof with double bed, the Hymer Free S Blue Evolution is the perfect companion for an adventurous camping holiday.

Convincing design inside and out

The camper van’s spacious interior is also bursting with character and style thanks to tasteful details, such as the wonderfully combined white furniture finish, “Kitami” fabric combination and white overhead locker doors. The new utensil bag with “Blue Evolution” edition embroidery in the camper van’s entrance area is an especially practical touch. The Hymer Free S Blue Evolution also scores highly in terms of sleeping comfort – the black pop-top roof is not only a striking visual highlight, but also houses a maxi double bed equipped with Hymer’s comfort sleeping system. Thanks to another spacious and easy-to-fold-up double bed in the rear, the vehicle sleeps up to four people.

The “Blue Evolution” special edition on a Mercedes-Benz chassis is available now from Hymer dealers.
