

## Compact, smart and more iconic: Hymer's new products at the CMT 2024

- Hymer GmbH & Co. KG will be showcasing its new products for the 2024 model year at the CMT Holiday Exhibition in Stuttgart. Here, the motorhome manufacturer will be presenting the ML-T 570 – a new, compact layout of the popular ML-T series. .
- One particular highlight of the exhibition is the ML-T 570 Xperience special edition, which people will only be able to see at the CMT.
- ERIBA will also be making a big splash and presenting a real highlight in the form of the new ERIBA Car. The new camper van built on a VW chassis offers fans cutting-edge technology and the highest standards of comfort.

### **Setting new standards: the compact Hymer ML-T 570**

At the CMT, Hymer will be presenting the new layout of the popular Hymer ML-T 570 motorhome, which once again combines the company's usual premium standards with the spirit of adventure of a camper van. The new Hymer ML-T 570 not only boasts a wide variety of new interior designs, convenient functions and smart self-sufficiency features, but is also the perfect choice for anyone who wants to experience epic adventures in a compact vehicle thanks to its combination of manoeuvrability and clever use of space.

Es Just 24 centimetres separate the new Hymer ML-T from its “big brother”, the ML-T 580. But everyone on board will immediately notice the astonishing impact of these smaller dimensions when driving and manoeuvring the motorhome. Redesigned storage spaces also mean that the most has been made of every last inch of the motorhome. There is plenty of room inside the vehicle for your personal belongings and all of your gear. Thanks to clever design choices, drivers have everything they need within easy reach, without making the interior feeling cluttered.

For the first time, Hymer will also be presenting the exclusive ML-T 570 Xperience special edition at the CMT 2024. With special edition decals, exclusive 16" matt black Borbet rims, a black awning and many other highlights, the vehicle is truly eye-catching. Combined with the compact dimensions, the rear-wheel drive ensures maximum manoeuvrability – all while remaining lightweight. The package is rounded off by other features, including a 93-litre fuel tank, DISTRONIC PLUS Active Distance Assist, the MBUX multimedia system including navigation and a reversing camera, as well as seating areas and a sleeping system that have been designed for comfort.

### **ERIBA Car: a camper van with cult potential**

Mit For over six decades, ERIBA has been captivating the world with the comfort and quality of its Touring range. With the launch of the new ERIBA Car, there is now a camper van on a VW chassis that looks just like the cult caravans, yet with its own unique charm. True to the ERIBA slogan “Anything but ordinary”, the ERIBA Car is not only stylish, but also functional and offers a number of customisation options. The bicolour exterior designs featuring the colours “Deep Ocean”, “Cherry Red” or “Metallic Indium Grey” give the vehicle a unique and extraordinary appearance, and are reminiscent of the ERIBA Touring range. Modern materials together with the coordinated “Deep Ocean” anti-fingerprint material and matching “Tiberino” dark furniture finish are complemented by yacht-effect flooring. For maximum flexibility, the ERIBA Car is jam-packed with lots of new ideas. Thanks to the ERIBA Connect app, you can also use a smartphone or the display to easily control the air conditioning, heating or lighting. Thanks to the wide range of standard equipment as well as the generous dimensions of 599 cm in overall length and 207 cm in overall width (not including the wing mirrors), the ERIBA Car is as easy and comfortable to drive as a car. This ensures that you remain safe and comfortable on your trips, especially when travelling long distances.
